McKINLEY AND PROSPERITY.

Hundreds of Mills and Enterprises Have

Started, Giving Employment to

Thousands of Workmen.

When enthusiastic admirers of

Major McKinley before election re-

ferred to him as the advance agent

of prosperity, they hardly appreciated,

we think, to what extent their words

were true and prophetic. They knew

when he was elected the danger of

reputation of public and private

debts, of the robbery of one class for

the benefit of another, would be past,

and the hoarded earnings would be

released and capital would seek in-

vestment, but we hardly believe the

most sanguine expected the unusual

and unprecedented revival of business

that has taken place in the past week.

Mills are resuming everywhere and

new enterprises are being started and

thousands, yes, hundreds of thousands

of laboring men are again getting

employment, which promises to be

steady and permanent, after three or

four years of idleness or short intervals

of temporary work. Much now can

be obtained at 6 per cent, where a

week ago 11 and 12 per cent would

not tempt it from his hiding place.

The reason is apparent. There is no

doubt but that it will be repaid in

money as good as received.

Increase in wages is reported from

several points, to the scale in force

during 1892, and as employment in-

creases the old wages of 1892 will un-

doubtedly be restored, and with leg-

islation favorable to home manu-

facturers and to provide sufficient re-

venue to run the government, perman-

ent prosperity will be here. You may

not make a mistake when you voted for

McKinley.

As an indication of the revival of

business that is taking place, we

publish the following:

Chicago, Nov. 5.—General Pas-

senger Agent Ruggles, of the Michi-

gan Central, announced today that

his road had checked more commercial

baggage than on any other day in

1896. The same statement was made

by a number of their customers. The

traveling men of all commercial

houses in Chicago are starting out by

hundreds. General Passenger Agent

Headford, of the Milwaukee, estimates

that 10,000 will leave Chicago this

week.

Cleveland, Ohio, Nov. 5.—It is

claimed by a number of manufacturers

in this city that the election of Mc-

Kinley has already had a favorable

effect upon their business. In some

cases it is stated that plants have

started up, and the number of em-

ployees have been increased. The

Brighton Rolling Mill company,

manufacturers of tin plate, whose

plant has been idle for some time

past, announce that they have just

started up, and that they have re-

ceived orders for a large quantity

of tin plate, and that many letters

of inquiry are coming in.

J. H. Van Dorn, of the Von Dorn

Iron Works, stated that they have

started up, and that they have re-

ceived orders for a large quantity

of iron work, and that many letters

of inquiry are coming in.

The Cleveland Rolling Mill com-

pany is now running full time. At the

big Mohr Bros. woolen mills it was

stated today that large orders have

been received, and about 150 hands

would be added at once. Quite a

Cartridges, tested by the Rosenbergs to determine if they have been carefully loaded, are offered for sale by a London gunsmith.

It is noted that the women of the royal families of Europe are on the average much stronger mentally and physically than the men.

It is rumored that the syndicate in connection with the Glan's Causeway toll business is about to carry into effect the raising of it in.

Lightning struck a foot ball team as it was about to play a match for Liverpool, England, recently, killing one man and badly injuring two others.

Gifts aggregating \$1,353,000 have been received by Princeton university, of which \$999,000, from a donor whose name is to be withheld, is for the library.

Millions of men in India live, marry and rear apparently happy children upon an income which, even when the wife works, is rarely above 2 shillings a week.

It is estimated that the removals of the Wesleyan Methodist ministers and their families and luggage this year in England have cost not less than \$125,000.

The new army helmet to be issued for all branches of the British service, Household Brigade excepted, is much lighter than the old kind, and has other advantages.

The ancient copper mines of Sinai have just been re-explored. They were worked by the Egyptians, or their slaves, 7,000 years ago, and are believed to have been abandoned about 3,000 years ago.

The old scare that the world's coal is now exhausted is now pretty well exploded. New coal areas are constantly being opened, and the old ones are by no means near exhaustion.

Roentgen rays have been used to take pictures of flowers. They show the ovules inside the ovary in an unopened bud, the seeds within a seed vessel, and even the veins upon the white petals of a flower.

A method of purifying water is in use in certain continental towns. It is to pass it through revolving vessels containing scraps of iron. The iron forms a gelatinous precipitate with the impurities—making them settle.

One successful venture which has come of the Manchester ship canal is the steamship service between the cotton metropolis and London. It is a long way round, but the saving in freight dues is enormous.

Funny stories of proffered curiosities are told by the officials of the Natural History museum, South Kensington. Quite lately they received a letter from a person in America saying that the writer was ready to take \$500 for the unbroken ash of a cigar with a tiny unconserved stump still adhering. The money was not sent.

A curious point in Swedish criminal law is that confession is necessary before a capital sentence can be carried out. If, however, the culprit persists in protesting his innocence in the face of overpowering evidence, the prison discipline is made extremely strict and severe until the desired confession is obtained.

England imports nearly £19,000,000 worth of timber a year and pays £18,000,000 for minor forest produce. Another £1,500,000 is paid for the wood pulp for the manufacture of paper. Dr. Schick declares that £18,000,000 worth of timber might be produced in that country if they went the right way about it.

Twenty-three colleges in the United States were founded before the beginning of this century. Among them are Harvard, 1636; William and Mary, 1683; Yale, 1701; University of Pennsylvania, 1740; Princeton, 1746; Washington and Lee, 1779; Columbia, 1754; Brown, 1764; Rutgers, 1763; Dartmouth, 1769; Hampden-Sidney, 1775; Washington (Md.), 1782, and Dickinson, 1785.

Li Hung Chang has been punished for presuming to enter the summer palace of the dowager empress without observing the required formalities. If, as the poet says, "a sorrow's wound of sorrow is remembering happier things," the old man has doubtless a sorrowful remembrance of the times when he used to ask his name of questions in this country without the formula "by your leave."

The huge turtles that existed during the youth of the world appear to have inhabited the foothills of the Himalaya mountains. The shells and bones of these extinct creatures, which occasionally wash out of the ravines where they have been buried for ages, prove that they were more than twice as large as any specimen of the tortoise which now exists.

The uniforms of the Scottish regular and militia regiments now wearing the kilts, as per the statement of the under secretary of state for war, cost \$75,000 each.

Constantine Campbell arrived at Shelbyville, Tenn., last night, and was arrested by John Reed \$2 to take for McKinley. He went to Smith's house and found him looking up stairs for a gun. Upon being refused assistance the officer broke down the door. Smith hit the officer with a chair, and the latter, falling, injured him. He is under arrest.

From Foreign Shores. Rev. H. H. Emmet, the noted Indian preacher, who has been conspicuous with lecture bureaus throughout the country for several years, tried to kill himself with a shotgun at his home in Springfield, Pa., and in a precarious condition was taken to a hospital in New York.

Prof. Andrew Seth, who holds the chair of philosophy in the University of Edinburgh, is to be succeeded by William Hamilton, now the guest of President Schurman of Cornell university.

New has been received in Peru from Sucre, Bolivia, that the commission of foreign affairs of the Senate has presented a motion in that body for the recognition by Bolivia of the Cuban insurgents as belligerents.

To the Citizens of Brainerd.

The Young Men's Christian Association has just completed another year of work in Brainerd, and are about to come to you again for the means to carry on the work for the coming year.

The year just closed has been one of the most prosperous in the history of the Association; through your generous support together with the yearly allowance from the Railroad company, we have been able to extend our work in many lines while we learn of other Associations being obliged to contract and even to discontinue some branches of their work on account of the financial stress.

Our work at present embraces: Spiritual work, represented by the young men's meetings, Bible classes, etc.; physical work carried on in the gymnasium, and educational work represented by the various evening classes carried on each winter. Our reading room is pronounced by the state secretary to be one of the best in the state outside of the Twin Cities and is open free to all. Part of our games are free to all, while others, together with the gymnasium and both rooms it is necessary to restrict to the members only.

We hope that as we call upon you for pledges in support of the coming year's work none of our former supporters will feel any hesitancy in continuing the entire amount of their subscriptions and that some who have not helped the work in the past may think it a work worthy of their support.

Twenty-fifth Anniversary of St. Paul's Church, Brainerd.

The anniversary services held this week at St. Paul's Episcopal church in this city have been exceedingly interesting and edifying, and the attendance has been as large as the capacity of the building would allow.

The opening service took place at 8 a. m. on Sunday with a celebration of the Holy Communion. Morning prayer took place at 10:30. There was a large congregation, and Rev. Geo. H. Davis, former rector, preached. His subject was "Man Created in God's Image: His Responsibility to God."

At 2:30 p. m. a children's service was held and addresses were made by Rev. Canon Pentreath and Rev. Geo. H. Davis. At 4 p. m. Mr. J. L. Snyder, secretary of the Y. M. C. A., and Canon Pentreath and Rev. Davis addressed a congregation of men, this meeting being held under the auspices of St. Andrew's Brotherhood and the Y. M. C. A. The Sunday afternoon Y. M. C. A. meeting was omitted, that all might attend at the church.

The next service was evening prayer with addresses by Canon Pentreath and Rev. Davis.

On Monday evening at 7:30 anniversary services were held, at which Archdeacon Gillilan, the first rector of the parish, gave a graphic and interesting account of the early days of Brainerd and the beginning of church work in the city. The clergy present in the church were Rev. Canon Pentreath, rector, Archdeacon Gillilan, Dean Mueller, of Moorhead, and Rev. Messrs. Joss, Allen, Tison and Davis.

On Tuesday at 10:30 a. m. there was celebration of Holy Communion. Bishop Gilbert arrived at 2 p. m. and addressed the Women's Auxiliary and all societies of the parish at 3 o'clock. At 4:30 the Young People's society of the parish were addressed by Rev. Messrs. Joss, Mueller and Allen.

The commemoration closed with supper and a social and literary evening in Walker's Hall. Supper took place at 6:30. After supper there was singing by Messrs. Will, Georgeron and E. O. Webb, Mrs. J. C. Atterton and the Double Quartette. Addresses were made by Rev. Canon Pentreath, Bishop Gilbert, Archdeacon Gillilan, Hon. L. P. White, Judge G. W. Holland and Rev. Geo. H. Davis.

Rev. Mr. Marshall, of St. Cloud, was also here.

The commemoration was a grand success from beginning to end.

The Companion Calendar.

It is said that the expense of making the Companion Art Calendar for 1897 was so great that had it been published in the usual quantity it could not be sold for less than one dollar. Four beautiful female figures are reproduced on four folding pages. Each figure is lithographed in twelve colors, being a true reproduction of the original water-coloring painting, which was selected because of its excellence of design and charm of color and tone. The size of each of the four folding pages is 10 1/2 by 6 inches. It is by far the best piece of color work the Companion has ever offered. Both as a calendar and as a gem of the lithographer's art, it is so attractive that it becomes a valuable addition to the mantle or centre-table of any room. It is given free to all new subscribers sending \$1.75 to the Companion for the year 1897, who receive also the paper free from the time the subscription is received till January 1st, 1897.

Celebrating in 1897 its seventy-first birthday, the Companion offers its readers many exceptionally brilliant features. Fully two hundred of the most famous men and women of both continents have contributed to the next year's volume of the paper. NEW YORK'S CHINESE THEATRE. The Plays Are Steady, Dignified, and Rarely a Comedy. Let us first consider the Chinese theatre. In contrast with the vapid performance of the Chinese play, steady, dignified, dramatic, rarely even humorous. Here, instead of some unimportant, accidental, and trivial, the dramatic impulse of their play, the national history, the greater fictions of Chinese literature, embodying the immortal legends of the past, are the subjects of the actors' interpretation. The Chinese actor himself is the embodiment of the drama, and the quintessence of etiquette marks his manners. He endeavors to conceal, rather than betray, emotion.

Two Cures for Neuralgia.

Nothing upsets the whole nervous system more than an attack of neuralgia, generally resulting from a slight cold which has a predisposition to "settle" in the facial muscles, and the teeth are not in the best condition.

One remedy is to wet a cloth with strong camphorated oil, rub the face and hold it to the face, inhaling the steam also. This is made possible by throwing a shawl over the head to confine it.

Another palliative is to rub the face lightly with tincture of aconite, cover with warm flannel and "sleep it off."

Aconite is a deadly poison and must not be used where the skin is broken or put in the mouth.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and recommended local remedies, and by constantly failing to cure with local treatment, prompted the idea of Catarrh. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Catarrh is caused by a manufactured by P. J. CHENEY & Co., Toledo, O. It is taken internally in doses from ten drops to a teaspoonful. It acts directly on the blood, and cures the disease of the system. They offer One Hundred Dollars for any case it fails to cure. Groceries Belies of Alexander.

Russians are fond of grocer's necessaries. One man among the collection of gorgeous gift catalogs of state the slushy little sleigh, whose cushions are stained with red velvet, and the driver Alexander II was taken back to the Winter Palace. The visitor is begged to look at his half-smoked cigarette, at the end of which is a small red velvet, and a dozen such honey trifles. His trifling table stands to-day exactly as it was in the days of the czar, and the old king, in his old age, is seen to descend until it fell with a dull clanking sound—such a sound as would be heard from the clanking of the door of the cliff, in which case she knew she would scream.

She stood in the hall.

"Shall I tell Phil to lead the mare?"

"He was much concerned, for she had grown very pale, and the smile she forced to her lips was pitifully unreal."

"Yes, I should like to," he voice

To the Citizens of Brainerd.

The Young Men's Christian Association has just completed another year of work in Brainerd, and are about to come to you again for the means to carry on the work for the coming year.

The year just closed has been one of the most prosperous in the history of the Association; through your generous support together with the yearly allowance from the Railroad company, we have been able to extend our work in many lines while we learn of other Associations being obliged to contract and even to discontinue some branches of their work on account of the financial stress.

Our work at present embraces: Spiritual work, represented by the young men's meetings, Bible classes, etc.; physical work carried on in the gymnasium, and educational work represented by the various evening classes carried on each winter. Our reading room is pronounced by the state secretary to be one of the best in the state outside of the Twin Cities and is open free to all. Part of our games are free to all, while others, together with the gymnasium and bath rooms it is necessary to restrict to the members only.

We hope that as we call upon you for pledges in support of the coming year's work of our former supporters will feel any hesitancy in continuing the entire amount of their subscriptions and that some who have not helped the work in the past may think it a work worthy of their support.

Accidentally Killed.

Harry Morey, a settler living with a wife and child near Cullen lake, this county, was shot through the body and instantly killed on Friday evening last while out deer hunting.

The shooting was purely accidental. J. H. Kane, a cousin and neighbor, having mistaken him for a deer and fired the fatal shot. Mr. Morey was accompanied by another neighbor, John Eades, and they were just starting home after a prolonged hunt, when the report of a rifle was heard, and Mr. Morey exclaiming that he was shot threw up his hands and fell to the ground, dying almost instantly. The ball entered the right side in the region of the heart and passed entirely through the body. Coroner Dean was notified and investigated the affair, but found it was only an accident. The remains were brought to this city and taken to St. Mathias, where Mrs. Morey's people live, for burial. Mr. Kane, the unfortunate man who did the shooting is overwhelmed with remorse at the sad accident.

Died.

The Milwaukee News correspondence from Waukegan, Wis., of the 8th inst. says that Mrs. John Jackson died at her home on Oakland avenue, in that city, on the 7th inst., aged 57 years. The funeral was held on Tuesday afternoon from the residence. Mr. and Mrs. Jackson lived in this city many years, coming here in 1874 and living here until about four or five years ago when they removed to Waukegan. Mr. Jackson was a painter employed at the shops during his residence here. The many friends of Mrs. Jackson here will be pained to hear of her death.

The infant son of Mr. and Mrs. R. G. Vaientyne died on Sunday Nov. 8th, of heart disease. The funeral occurred at the house on Monday afternoon, Rev. Opie conducting the services.

George Warlowski, a four-months old son of Valentine Warlowski, died on Saturday of whooping cough, the funeral occurring on Monday at the Catholic church, Rev. Fr. Lynch conducting the services.

MARRIED.

Mr. Howard R. Perry and Miss Ruby C. Maddock were united in marriage on Saturday evening, Nov. 7th, 1896, at the residence of the bride's parents in Crow Wing township, Justice W. A. Warren officiating. It was a very quiet wedding, none but relatives being present. A fine wedding supper was served after the ceremony and the happy couple had received the congratulations of the assembled guests. The groom is a prosperous and respected young farmer of Garrison township, and the bride is the accomplished teacher of the Crow Wing school. They have the best wishes of their many friends in their new relation.

"Captain January."

The Pittsburgh Dispatch mentions Miss Eunice Goodrich as follows: "Few, if any, actresses who have visited our city, have met with the success of Eunice Goodrich. A graceful and powerful actress, possessed of a magnetism of voice and action that is simply irresistible. A warm welcome will greet her should she ever visit us again."

The Eunice Goodrich Company will play a return date in Brainerd next Monday evening, Nov. 16th, and will present at that time the great comedy and laughing success entitled, "Captain January." This company is well known in Brainerd, and will be heartily welcomed on its appearance here again next Monday. It is stronger now than ever before, new performers and new specialties having been added since this company was here in September. She entertains will be one of unusual merit, but nevertheless only the popular prices of 10, 20 and 30 cents will be charged, and besides this remarkable reduction of prices.

Accompanying a person holding a paid reserved seat ticket will be admitted free and given a reserved seat with her escort without charge. It is proposed to fill the house from pit to dome. Do not miss this opportunity. Reserved seat sale now open at Atwood & Johnson's drug store, also at the Opera House after 7:30 on the evening of the entertainment.

Vernie E. Anderson's many friends and acquaintances in this city will be pleased to learn that he is the pianist of this company, and will be here with the attraction next Monday evening.

Twenty-fifth Anniversary of St. Paul's Church, Brainerd.

The anniversary services held this week at St. Paul's Episcopal church in this city have been exceedingly interesting and edifying, and the attendance has been as large as the capacity of the building would allow. The opening service took place at 8 A. M. on Sunday with a celebration of the Holy Communion. Morning prayer took place at 10:30. There was a large congregation, and Rev. Geo. H. Davis, former rector, preached. His subject was "Man Created in God's Image; His Responsibility to God." At 2:30 P. M. a children's service was held and addresses were made by Rev. Canon Pentreath and Rev. Geo. H. Davis. At 4 P. M. Mr. J. L. Snyder, secretary of the Y. M. C. A., and Canon Pentreath and Rev. Davis addressed a congregation of men, this meeting being held under the auspices of St. Andrew's Brotherhood and the Y. M. C. A. The Sunday afternoon Y. M. C. A. meeting was omitted, that all might attend at the church. The next service was evening prayer with addresses by Canon Pentreath and Rev. Davis.

On Monday evening at 7:30 anniversary services were held, at which Archdeacon Gillilan, the first rector of the parish, gave a graphic and interesting account of the early days of Brainerd and the beginning of church work in the city. The clergy present in the church were Rev. Canon Pentreath, rector, Archdeacon Gillilan, Dean Mueller, of Moorhead, and Rev. Messrs. Joss, Allen, Tunson and Davis. On Tuesday at 10:30 A. M. there was celebration of Holy Communion. Bishop Gilbert arrived at 2 P. M. and addressed the Women's Auxiliary and all societies of the parish at 3 o'clock. At 4:30 the Young People's society of the parish were addressed by Rev. Messrs. Joss, Mueller and Allen.

The commemoration closed with supper and a social and literary evening in Walker's Hall. Supper took place at 6:30. After supper there was singing by Mrs. Will. Georgeson and E. O. Webb, Mrs. J. C. Atherton and the Double Quartette. Addresses were made by Rev. Canon Pentreath, Bishop Gilbert, Archdeacon Gillilan, Hon. L. P. White, Judge G. W. Holland and Rev. Geo. H. Davis. Rev. Mr. Marshall, of St. Cloud, was also here.

The commemoration was a grand success from beginning to end.

The Companion Calendar.
It is said that the expense of making the Companion Art Calendar for 1897 was so great that had it been published in the usual quantity it could not be sold for less than one dollar. Four beautiful female figures are reproduced on four folio pages. Each figure is lithographed in twelve colors, being a true reproduction of the original water-coloring painting, which was selected because of its excellence of design and charm of color and tone. The size of each of the four folio pages is 10 1/2 by 6 inches.

It is by far the best piece of color work the Companion has ever offered. Both as a calendar and as a gem of the lithographer's art, it is so attractive that it becomes a valuable addition to the mantle or centre-table of any room. It is given free to all new subscribers sending \$1.75 to the Companion for the year 1897, who receive also the paper free from the time the subscription is received till January 1st, 1897.

Celebrating in 1897 its seventy-first birthday, the Companion offers its readers many exceptionally brilliant features. Fully two hundred of the most famous men and women of both continents have contributed to the next year's volume of the paper. For free Illustrated Prospectus address,

The Question of Economy.

When great corporations are expending thousands of dollars in devices to save time, labor and materials, there is evidence enough that this is an age of economy. We wish to put the strongest emphasis upon the economical features of the

Majestic Range

This Range is the greatest saver of fuel, food and of woman's strength and nerves.

No wonder it is turning the cook stove business upside down, because it is a revelation in its way.

It is like no other stove; it is simpler; it is better; we sell it.
